ascenciot123@gmail.com

## OBJECTIVE

To work on technology and to strive towards technological innovation.

## EDUCATION

Rochester Institute of Technology, Rochester, NY
Bachelor of Science in Information Technology
Minor in Game Design and Development
Music Immersion

Graduated May 2018

## EXPERIENCE

*Mindshift, Rochester, NY, IT Networking co-op*

*June 2016 to August 2016 and June 2017 to August 2017*

Utilized networking hardware (routers, switches, waps, mdf server rack, etc.) to supply Rochester schools with fully functional technology. Developed experience working with a team on a daily basis. Being available for the clients every day was important when addressing any specific concerns that arose. Software solutions were necessary to get the machines functional.

*Birchwood Restaurant and Catering, Monroe, NY*
*Food Preparation/Dishwashing, November 2013 to August 2015*

Created convenient working environment by preparing food for the chef in the kitchen and making sure all required materials for the entire staff was clean and ready at all times.

## PROJECTS

Exploring software solutions on a raspberry pi personal computer. Utilizing a Linux distribution called Raspbian and another Linux based software called RetroPie.

Wrote programs to manage database solutions. The programs provide software functions that allow data to be manipulated in a DBMS.

## SKILLS

Studied software solutions using Java, C#, and C++. Experience using MySQL and MongoDB. Website development and scripting languages such as HTML, CSS, Javascript and PHP.

## ACTIVITIES

Studied music theory for nine years and play a variety of instruments. Learned from professional musicians how to play various instruments. Self taught material and dedicated practicing was important in studying music. On the executive board for the RIT Ukulele club and RIT Jam club. Provided assistance to fellow musicians by improving skills and helping them understand music theory.
